

**INTRODUCING
THE FAST WAY
TO SEARCH
ASM
PUBLICATIONS
ON YOUR
OWN PC.**

Through a joint venture of the American Society for Microbiology and The William Byrd Press, selected ASM journals are now available on CD-ROM (Compact Disc-Read Only Memory).

Unlike other CD-ROM products, Byrd Electronic Publications for ASM include both the full text of the journal as well as high-resolution images of the original pages in which text and graphics are fully integrated. Everything on the original pages appears on your monitor, in place — from the table of contents to the indexes, charts, graphs, and photographs.

Using Byrd's retrieval software, you can conduct full word searches through thousands of pages to instantly find any search term, and then "turn" to the exact pages where the term occurred. Or, you can browse through a journal or book on screen just as you would with the printed publication in your hands. You can retrieve, display and print the page image on a laser printer or output ASCII text to a floppy disk or dot matrix printer.

Byrd's proprietary retrieval software was specifically designed for users of scientific publications. It gives you the flexible search functions you need to fully and quickly explore a unique publication database.

A growing number of ASM titles will be available on CD-ROM at affordable prices.

The *Journal of Virology* (ISSN 0022-538X), a publication of the American Society for Microbiology, 1325 Massachusetts Ave., N.W., Washington, DC 20005-4171, is devoted to the dissemination of fundamental knowledge concerning viruses of bacteria, plants, and animals. Investigators are invited to submit reports of original research in all areas of basic virology, including biochemistry, biophysics, genetics, immunology, morphology, physiology, and pathogenesis and immunity. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Journals Division. The *Journal* is issued monthly, one volume per year. The nonmember subscription prices are \$360 (U.S. and Canada) and \$410 (foreign; air drop shipping) per year; single copies are \$40. The member subscription prices are \$49 (U.S. and Canada) and \$98 (foreign; air drop shipping) per year; single copies are \$10. Correspondence relating to subscriptions, reprints, defective copies, availability of back issues, lost or late proofs, disposition of submitted manuscripts, and general editorial matters should be directed to the ASM Journals Division, 1325 Massachusetts Ave., N.W., Washington, DC 20005-4171 (phone: 202 737-3600).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20005, and at additional mailing offices.

POSTMASTER: Send address changes to *Journal of Virology*, ASM, 1325 Massachusetts Ave., N.W., Washington, DC 20005-4171.
